

# Horizon Europe grant opportunities in Life Science

Welcome to an online event filled with information about calls for proposals and building partnerships in Life Science focusing on personalized health.

Over the course of an afternoon, you will get an overview of Horizon Europe and the European Innovation Council's 2021-22 programmes. Find out about grant opportunities and get to know stakeholders in the Life Sciences sector including medium-sized enterprises, researchers and public organisations.

**23 March at 12:50–16:00 (CET)**

[Program and registration](#)

The event will be held in English.

## Organisers

[The Support Office for Life Science and Health \(SOHL\)](#) in collaboration with Enterprise Europe Network (EEN), Swelife and EU SME Support.

Partners in the SOHL project are Umeå University, Region Västerbotten, Umeå University Holding AB and Luleå University of Technology.

The SOHL project is co-funded by the European Regional Development Fund, Region Västerbotten and Umeå municipality.
